REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The currently claimed invert emulsion drilling fluid is distinguished from the prior art of WO '383, since the presently claimed polyglycerol-2 diisostearate falls outside the scope of the HLB values disclosed for the surfactants of WO '383, and thus would not be rendered obvious to one of ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Philip C Tucker whose telephone number is 571-272-1095. The examiner can normally be reached on Monday - Friday, Flexible schedule.
